Phone Message Advertisement – E-Forms

Did you know it can cost an organization up to $165 to use, process and enter a SINGLE PAPER FORM? Now multiply that across the number of different forms your organization uses and how often each form gets filled out. Get rid of pesky paper forms and capture your customers' data into an electronic, web-based form with PaperVision® E-Forms. You will spend less time manually entering information, improve information control and security and save money by eliminating costs associated with printing and storing paper forms. How much time and money might you save? What are you waiting for? Visit www.digitechsystems.com (INSERT YOUR WEB ADDRESS INSTEAD) to learn more.
